Example Calculation

To calculate the tax on your home, let's assume it has a taxable value of \$125,000. Also assume it is located within the City of Kannapolis. The City of Kannapolis (\$0.63) and Cabarrus County (\$0.74) combined tax rates for 2020 are \$1.37. This is assessed per hundred dollars of assessed value.

To calculate the tax, multiply the assessed value by the tax rate and divide by 100. Calculation: \$125,000
(assessed value) x 1.37 (tax rate)/100 = \$1,712.50
